SUMMERFEST

Google Developer Student Clubs
VIT Bhopal University

About GDSC :

Google Developer Student Clubs (GDSCs) are university based community groups for students interested in Google Developer technologies. Students from all undergraduate or graduate programs with an interest in growing as a developer are welcome. By joining a GDSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

Our Vision is to help **impact students to bridge the gap between theory and practice** and leave a legacy of impact.

We at GDSC – VIT Bhopal look forward to forming a community where we are able to **convert our knowledge into real time application**, help each student to develop in different fields of technology and make use of our knowledge to build something that helps local businesses around us as well as their community.

GDSC has been one of the most active clubs at VIT Bhopal formed during the academic year 2021-22. With over **2000** members registered on our community website, we have **1300+** followers and an overwhelming response on our stories, we keep our followers engaged. Moreover, we have crossed the **1100 subscriber** mark on YouTube with around 350 live views for our events, increasing regularly.

About Summerfest :

Summerfest is a 4 day long event in the month of May for students who are passionate about building innovative products and solutions to real-world problems.

Summerfest consists of a cluster of events that enlighten attendees about the latest technology trends; creative sessions, a riveting gaming night, and the most awaited competition of the year HackGDSC, GDSC's sophomore hackathon.

GDSC VIT Bhopal believes in providing the latest exposure to developers which **enables them to enhance their technical skills during this period of dynamic technological change.**

HACKGDSC 2022

HackGDSC 2022 is a **48-hour long Hackathon** organized by GDSC VIT Bhopal. The event has no entry fee and is themed around **"Building a Community towards Sustainable Development"**.

We believe that today's students will build and invent technologies that will solve real world problems and give back to the community.

TRACKS

The participants can build a solution at HACKGDSC 2022 under a diverse range of tracks:

1. Machine Learning
2. Web Development
3. Open Innovation
4. Mobile Development
5. Web3 / Block-chain
6. Game Development

NETWORKING

We aim to provide students with an opportunity to network with **experts, alumni, and with each other as well**. This would not only give them immense **exposure**, but also improve their communication skills. Networking allows **sharing of ideas** and it would be beneficial for **community building**.

GAME NIGHT

The perfect end to an eventful fest must be energetic and entertaining. Thus, for the concluding event of Summerfest 2022, we have organized an evening filled with lucrative games, the GDSC Game Nights.

It will primarily feature one of the most played games of the year, Valorant.

Game Night complements the hectic schedule of Summerfest maintaining a healthy balance of having fun with learning.
